### Authorization for Dental Services

During the school year, we will be visiting your child's school offering sealants, fluoride varnish treatments, hygiene exams and free dental services. There is **no cost** for these services. However, we will attempt to get reimbursement from your insurance provider whenever possible; this helps us expand our grant dollars to provide dental treatment to more children who don't have any form of insurance. If you want your child to receive these services, please fill out this 3-step form.

If you would like additional information, please visit your child's school local health room.
